

Erasmus+

Mobility Friends Report - Portuguese experts visited Hungary

Within the framework of the ERASMUS+ short-term vocational training mobility project, three main experts of our organization (Mobility Friends - Portugal) were welcomed by the Martin János Vocational Training School, Vocational School and Skill Development School in Hungary from 26.06.2022 to 02.07.2022. in the period between

Between 26 and 29 June 2022, 30 Hungarian vocational training staff (Martin János Vocational Training School, Vocational School and Skill Development School) took part in our 30-hour training on the topic "The role of a mentor in career development". Interested external professionals also joined the training. 159 people participated in the closing event at the Miskolc Wine Museum (schools, workplaces, dual training places, employees of professional organizations), where professional discourses continue with the participation of Hungarian and Portuguese experts.

Workplaces, dual training places, visited institutions dealing with adult education, took part in professional work - teaching - managing professional internships. We held workshops at the locations taking into account the specifications of the individual sectors (wood and furniture industry, creative, food industry, agriculture), with particular regard to the use of natural raw materials, recycling technology, and the creation of an environmentally conscious environment. We analyzed and compared the Portuguese and Hungarian vocational training systems. We learned about and presented innovative methods and practices.

Work programs based on learning outcomes were prepared in the context of ECVET - with the determination of common content evaluation ECVET points in each sector, in joint (Hungarian - Portuguese) cooperation.

Between the days 29/06/2022 and 02/07/2022, three participants from the Staff of the Associacao Intercultural Amigos da Mobilidade namely from the European Projects Department and the Internship Department, were present at the celebration of the 50th anniversary of the Hungarian Association of Special Educators (MAGYE) in the city of Miskolc, Hungary where was hosted this national event as one of the organizers of the school (Martin János Szakképző Iskola, Szakiskola és Készségfejlesztő Iskola).

The purpose of the presence of the members of the Associacao Intercultural Amigos da Mobilidade (Mobility Friends) at this event was to share the experience that Mobility Friends

presents in relation to the mobility host of students with special needs, as well as the whole environment that the reception of the mobility requires it, for example: the adaptation of students in the internship location of the professional area explored during the mobility; the facilities offered by Mobility Friends for the reception of students with special needs; how the mobility is carried out in full, taking into account the situation presented by each student; and how companies/tutors/mentors in Portugal are prepared to receive students with special educational needs.

The opportunity to carry out several relevant cultural visits was conceived so that it was possible to understand the involvement of Hungarian culture, with the general topic of special needs. Among the cultural visits carried out, we highlight the visit to the Hungarian Parliament, where it was possible to learn the history of this building, as well as having the opportunity to know some of the topics currently carried out in the Parliament.

On 29/06/2022, Mobility Friends team was present at the Martin János Vocational Training School, Vocational School and Skills Development School where, in addition to publicizing the Associacao Intercultural Amigos da Mobilidade as well as all the services offered and sharing contacts with the other guests, also addressed the topic Vocational Education and Training System in Portugal and Inclusion/integration - dual training - vocational training - employment in Portugal "The role of a mentor in career development" new methods, innovative environmentally conscious technologies in each sector with the sharing of experiences in the labor market and inclusion in a round table discussion.

On 30/06/2022, Mobility Friends had the privilege of attending the FLASHMOB calling for climate change and environmental awareness, where some of the participants with special needs have already exercised mobility in Portugal, specifically in Mobility Friends, as well as it was possible to Setting up a Portuguese stand, to once again inform the organizations involved and all the participants about the services offered by Mobility Friends. In the afternoon, Mobility Friends also attended the University of Miskolc - In the Palace of Music Conference where they welcomed the Hungarian Association of Special Educators on the occasion of its 50th birthday.

On 01/07/2022, Mobility Friends had the opportunity to once again set up the Portuguese stand at the University of Miskolc, in order to make the Association known to all present participants and our labor market and vocational training activities.

In order to end the event, the Mobility Friends team participated in the discussion on

Inclusion in education, professional training and the job market in Portugal - Presentation of Mobility Friends' international activities.

Mobility Friends team during the days was always involved in the Hungarian educational system regarding special educational needs, as well as highly engaged in the Hungarian culture, which allowed the exchange of experiences and acquisition of new practices to exercise in the future.
